

Certification

Status 06/2018

Dear customers,

We consider the high quality requirements in our products and processes as the basis for a good and successful long-term cooperation with you.

The cab quality management is certified according to the international ISO 9001:2015 standard. It is adapted to the standardized basic orientation of management systems, called high level structure. Included are, amongst others, services at competitive prices, high efficiency, continuous process safety and innovation, monitoring in terms of minimizing risks, display of responsibilities, a detailed product documentation, reliability and punctuality, as well as practicability independent from the industry.

cab products from the areas of marking components, units, products and packaging are operated by global players as well as by small and medium-sized companies from all kinds of industries all over the world. We do not apply business-specific standards such as IATF 16949 or ISO 13485. We appreciate your understanding.
